PROFESSIONAL SUMMARY

B.Tech Data Science student with hands-on experience in Machine Learning, AI, Python, SQL, Data Analytics, Power BI, and Web Development. Built ML applications using Scikit-learn, Pandas, FastAPI, and React. Strong analytical, problem-solving, and software development skills.

TECHNICAL SKILLS

Python, SQL, Java, C, C++, Machine Learning, AI, NLP, Scikit-learn, Pandas, NumPy, Power BI, Excel, Data Analysis, HTML, CSS, JavaScript, React, Node.js, FastAPI, REST APIs, MySQL, Firebase, Git, GitHub.

EDUCATION

B.Tech (Data Science), Savitribai Phule Pune University (2024–2027) | CGPA: 8.52
Diploma in Computer Engineering, AISSMS Polytechnic (2021–2024) | 88.89%
SSC – Mukangan English School & Jr. College | 86.8%

PROJECTS

• AI-Powered Virtual Doctor Assistant and healthcare analytics

Tech Stack: Python, Machine Learning (Naive Bayes), NLP, Google Gemini API, REST APIs, HTML, CSS, JavaScript, Power BI, JSON, Git, GitHub

Engineered an AI-driven Virtual Doctor web application utilizing a custom pure-Python backend and a Naive Bayes Machine Learning classification engine. The system leverages NLP fuzzy-matching to extract patient symptoms from unstructured text, integrates the Google Gemini API to generate dynamic diagnostic reasoning, and pipelines consultation data directly into Microsoft Power BI for healthcare analytics

• Foodie Vision: AR-based smart dining app with Firebase and secure payments.

Tech Stack: Mobile Application Development, Firebase, AR

Developed a smart dining application featuring AR-based food visualization, dish customization, and budget-based recommendations. Implemented secure payment integration, user feedback & review system, and ensured data privacy.

INTERNSHIP

Python Intern, IPCS Global – Developed Python applications, debugging, testing, OOP concepts, and collaborated using Git.

CERTIFICATIONS

Infosys Springboard (Python Multithreading), AWS Cloud Economics, Software Testing Fundamentals, Automated Software Testing.

ACHIEVEMENTS

TECHNOTHON-2024 - Won 1st prize in competition and won cash prize of 7500/- conducted by Anantrao Pawar College Of Engineering And Research, Pune

HACKATHONS:

1. MIT-ADT AI Grand Challenge 2026(National Level Hackathon)
2. MIT WPU “Ignisia” (National Level Hackathon)
